Thanks so much for your review! I really appreciate you accommodating our quick turn-around deadline.

I haven't looked at your comments inside the document yet, but the summary of the comments in your email is very helpful. I was struggling with how to quantify some of those downstream areas you mentioned.

Thanks, Justin, appreciate the heads up. Would be happy to join a call but this week is really busy. Any chance it could be done early next week? Haven't spoken to Elizabeth, so not sure of her interest/availability.
